

2026 Attendance Award

This award is set to honor chapters that bring a consistent number of people to every event, including council set events. Each chapter's attendance goal will be determined off of the previous two years of attendance, that may be different based off of each event. There are three different tiers of points to obtain: Major Attendance Events, Minor Attendance Events, and Special Attendance Events. Only one chapter will win this award per year unless there is a tie. The chapter with the most points will win.

Major Attendance Events

These are the heaviest and most important lodge events throughout the year. A chapter meeting their attendance goal for these events is expected and doing so will award them 10 points for meeting the goal. The expected attendance at each event will be issued at LOTS and chapters will be reminded throughout the year of their goals. Max number of points is 50.

Winter Fellowship -

Spring Fellowship -

Ordeal 1 -

Ordeal 2 -

Fall Fellowship -

Minor Attendance Events

These events aren't lodge events but are sponsored by the lodge. They don't carry a set point value like Major Attendance Events and Special Attendance Events. However, they have a very important point system. Chapters with 1-50 members will get a point for every member that shows up to a Minor Attendance Event. Chapters with 51-100 members will get a point for every two members that show up to a Minor Attendance Event. Finally, chapters with 101+ members will get a point for every three members that show up to a Minor Attendance Event.

1-50: 1:1 / 51-100: 2:1 / 101+: 3:1

Spring Into Scouting -

Total Cub Fall Adventure Weekends -

Total Beaver Day -

Special Attendance Events

These events have a set point value of 5 each. LOTS is what determines how the rest of the lodge year will go and that is why at least 5 members of a chapter are expected to be at LOTS. These 5 members must all be youth either holding a chair position or chapter position (Lodge Officers do not count towards this event). The Cardinal Conclave goal is not set by the Vice Chief of Administration but set by the section goal for each chapter. When the goal is reached, the chapter will be awarded its 5 points. Max number of points is 10.
